Playdough Counting Mats

INSTRUCTIONS:

Laminate each page for protection.

These cards have 4 different sections.

Section 1 is the top half.

There they can count dashes, trace the number word, and count fingers.

Section 2 is the counting box. They will count a picture representation of the number.

Section 3 is the 10 frame.

They can use manipulatives to count out the number.

Or

They can use the counting blocks included to count out the number.

Or

They can use the colored in ten frames included to place the correct one.

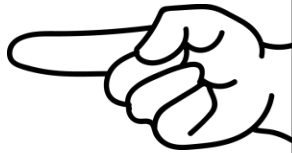

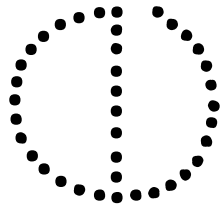

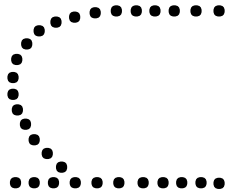

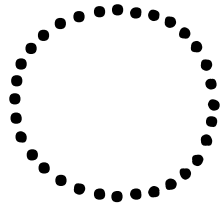

Section 4 is the number outline.

Here they can trace the number.

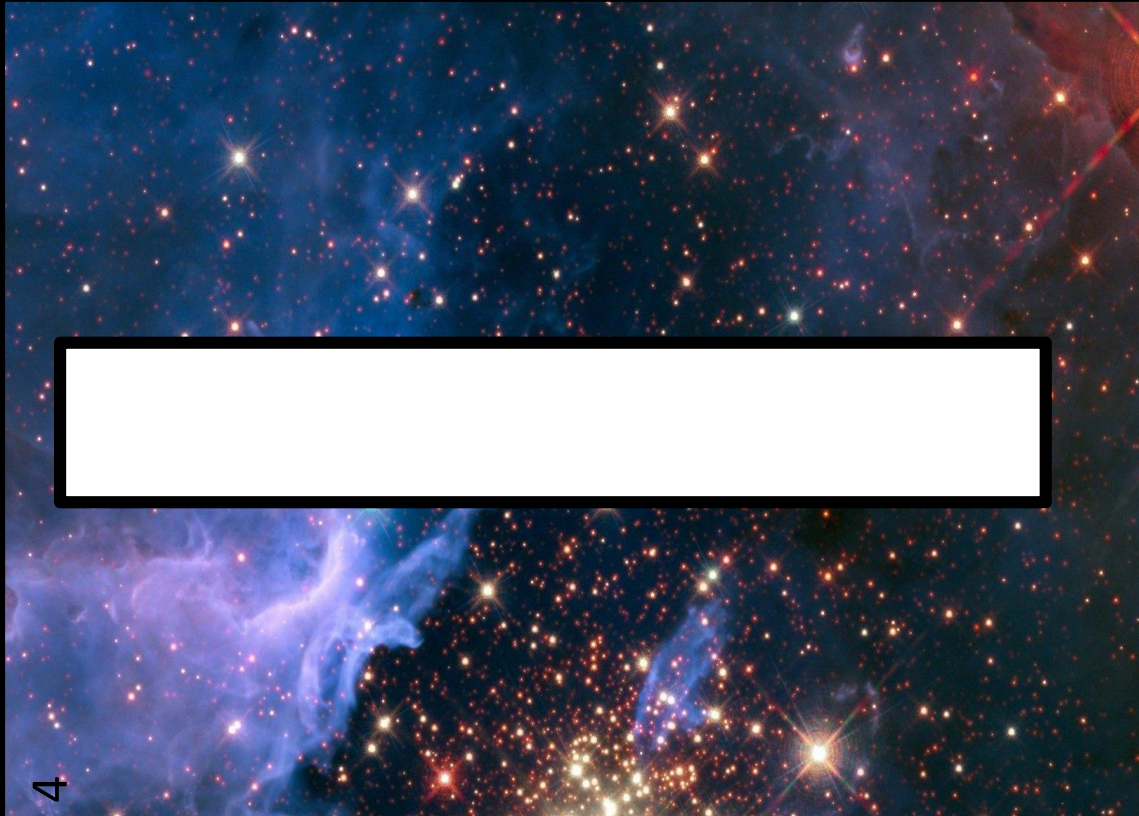

or

Use playdough to build the number.
